WORK

UI Designer & Developer // Freelance
Washington, DC (Jan 2015–Present)

Provide UI/UX, visual design, and front-end development support to clients, including startups, boutique design agencies, independent artists, nonprofits/NGOs, and international businesses.

UI Designer (Contract) // Xometry
Bethesda, MD (March–May 2016)

Redesign & relaunch a responsive homepage using a customized Bootstrap theme on Wordpress.
Mockup five design iterations in Sketch, prototype SVG animations (Greensock JS) and responsive video background (HTML/CSS). Build new landing pages.

Web Designer (Contract) // CEB Global
Arlington, VA (Sept–Nov 2015)

Update, maintain, and add new pages to CMS.
Migrate videos to new hosting service. Use HTML/CSS and some JavaScript to maintain proper formatting and keep page templates up to date.

Digital Outreach Manager // Meridian Hill Pictures
Washington, DC (Feb 2014–Aug 2015)

Developed innovative digital outreach and marketing strategies for a small, mission-driven documentary film company. Launched three new websites, raised over \$68k for a successful Kickstarter campaign, and migrated studio to a new CMS/CRM (NationBuilder).
